

Republic Services FAQ's

-When will this service begin? The first collection date is set for Tuesday, July 7, 2026.

-When will cans arrive? The cans are scheduled to be delivered to residents the week of June 23-27.

-Where do we pick up the cans? You do not need to pick up the cans. Republic will be delivering them to each residence.

-Is participation required? The Village will be billed based on the number of homes that are in Hampton regardless of who sets out material.

-What do residents do with the current cans? Residents can find an alternative use for the cans or place them inside the new can and Republic will take them.

-If the can is damaged, will it be replaced? If Republic damages the can, they will replace it at no cost for the resident.

-What is the price that residents will pay monthly for the service? The fee for the residents is intended to remain the same as it has been, \$6/month which includes the can and the pickup.

-If the resident would like a second can, is that an option and what is the cost to the resident? If residents would like a second can, they contact Republic and it will be provided for a \$5 monthly charge.

-How is yard waste handled? Yard waste is handled through direct communication between the residents and Republic. An annual subscription for yard waste, which includes a can, is \$125.
